

Photo2017 - MANUAL ENTRY BY CD

CONDITIONS OF ENTRY

The Photo2017 exhibition is open to all photographers in the UK/CI/IofM. Images must be submitted in JPEG file format only, directly onto a CD (PC format) and not in folders. No other form of image will be accepted. Individual author disk(s) only. Do not share disks and the CD should be closed/finalised. Photo2017 is a member exhibition of BPE and also enjoys PAGB Patronage (09/2017).

There are four categories:
Colour Images (COL) Monochrome Images (MON)
Natural History Images (NH) Experimental/Creative Images (CRE)

Only for CD Entry the image FILENAME must be the CODE for the category entered, immediately followed by a hyphen and then the TITLE of the image. No spaces between the CODE, HYPEN and TITLE, for example: NH-Arctic Tern

The Arctic Tern image is therefore entered into the Natural History Category.

The images should be a maximum of 1400 pixels in width and 1050 in height (NB Portrait images must not exceed 1050 pixels in height). Any image smaller than these maximum dimensions will automatically have a black background applied to take it to the judging dimension of 1400x1050.

Images will be projected for judging with a controlled colour space to sRGB.
For more information on JPEGs and image sizing, visit the website
www.eveshamphoto.net

All entries must have originated as a photograph, either film or digital and been taken by the entrant. Images may be manipulated, with the exception of NH images where recently harmonized PAGB, RPS, PSA and FIAP Nature rules apply, all manipulation and any adjustments must have been done by the entrant.

All entrants must be aware that any accepted images will be viewable in an Exhibition Catalogue, on a CD, used to promote the Exhibition and be posted on the Exhibition Website. The organisers will make every effort to deter viewers from downloading the images from the site, but authors must realise that this is a possibility. Copyright of any part or whole of the image resides with the author and he/she must accept that his/her work may be downloaded from the site. Any image downloaded however, will not be of good enough quality for reproduction in any other media.

Entrants agree to their details being stored on the exhibition computer database. Images accepted in a previous Vale of Evesham Exhibition, or which, in the opinion of the organisers, are too similar to those accepted in a previous Vale of Evesham Exhibition are not eligible. The organisers reserve the right to withhold from posting on the web any entry which they consider to be undesirable in content. All submitted materials will not be returned.

All CDs will be destroyed by 30th April 2017.

Each CD must be clearly labelled with the author's name, postcode and e-mail address (if applicable), by using a fine permanent marker pen on the top surface. Please complete the attached CD sized Entry Form Label using BLOCK CAPITALS and place it in your CD box or CD envelope.
